APPLICANT PLEASE NOTE:

The following definitions of "Family" and "Income" must be used in determining eligibility for waiver of fees.

"Family" means a group of related or non-related individuals who are not residents of an institution or boarding home, but who are living as one economic unit.

"Income" means income before deductions for income taxes, employee's social security taxes, insurance premiums, bonds, etc. It includes the following: (1) Monetary compensation for services, including wages, salary, commission, or fees; (2) net income from non-farm self-employment; (3) net income from farm self-employment; (4) social security; (5) dividends or net rental income; (6) public assistance or welfare payment; (7) unemployment compensation; (8) government civilian employee or military retirement or pensions or veteran's payments; (9) private pensions or annuities; (10) alimony or child support payments; (11) regular contributions from persons not living in the household; (12) net royalties; and (13) other cash income. Other cash income would include cash amounts received or withdrawn from any source including savings, investments, trust accounts, and other resources, which would be available to pay the price of school fees.

The term "Income" as used in this notice, does not include monies used for the following special hardship conditions which could not be reasonably anticipated or controlled by the household: (1) Unusually high medical expenses (generally that which would be reportable to IRS when exceeding 3% of adjusted gross income); (2) shelter costs in excess of 30% of income; (3) special education expenses due to the mental or physical condition of a child; and (4) disaster or casualty losses. The family applying under any of these conditions must be able to document that they have such a hardship and be able to identify and prove the extra cost because of it.
