Babe Ruth Passes Through De Pere

De Pere Journal-Democrat - November 4, 1926

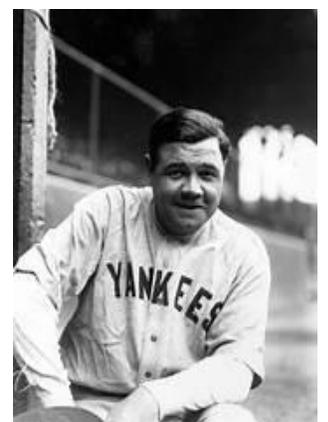

George H. (Babe) Ruth, the "king of Swat" in the baseball world, passed through De Pere on Thursday of last week. He did not stop here, but he made a brief stay at Charles Hall's attractive gas filling station and lunch room, where he and his party partook of refreshments, and also replenished their gas and oil supplies. Babe Ruth drove up from the south over State Highway 15. He was on his way to Iron Mountain where he was to participate in a baseball game. The pitcher opposing the champion batsman was Richard (Jab) Murray, Marinette lawyer and former Marquette University gridiron star. At Menasha, Ruth's car was proudly escorted through that city by a motorcycle officer.

NICOLET AIRPORT
 Highway 57 — 1/2 Mile South of De Pere
 BOYD MILLER, Mgr.

The original Nicolet Airport opened in 1945. The airport was located about 1/2 mile south of De Pere near the corner of Heritage Road and Highway 57 on the Edward & Stella Brittnacher farm. It included five airplane hangers. The manager, Boyd Miller, serviced and sold airplanes and was a licensed instructor. In 1947 brothers Al & John Garrity bought property on Ridgeway Boulevard about a mile east of Webster Avenue. Four runways were laid out but eventually only two were used, an east-west and a north-south runway. Boyd Miller was again the flight instructor and airport manager. The airport was mostly used by private owners who had planes for business or pleasure. (over)

It was a well designed airport and served De Pere and eastern Brown County. The airport was busiest in the 1950's when a number of flying clubs were headquartered there. Nicolet Airport operated as an airport until January 1, 1977 when it was sold to a group of real estate developers. The city of De Pere annexes the property and approved residential development. The original airport terminal was located on what is now Brule Road where the Nicolet Landing Condominiums are currently located.
